

Master of Science (Kinesiology, Sport, and Recreation)

The Master of Science (MSc) degree is a thesis-based degree in which emphasis is placed on the development of research skills.

Program Requirements

The minimum requirements for the MSc degree are the completion of 12 units in addition to the thesis. As part of the degree requirements, students must successfully complete [KSR 580](#) or [KSR 581](#) (each 3 units).

The minimum period of residence is two four-month terms of full-time attendance at the University of Alberta.

MSc students are required to complete the ethics and academic integrity training requirement (8 hours), and the professional development requirement (8 hours of professional development activities, and the Individual Development Plan).

Length of Program

The time required to complete the program will vary according to the previous training of the applicant and the nature of the research undertaken. Normally a minimum of two years is required to complete the program. Candidates must complete all the requirements within four years of the term in which they first register.
